## RECEPTION TO CATHOLIC PASTORS AT KNIGHTS OF COLUMBUS HALL

Knights of Columbus hall entered what Jimmy Murphy would call a capacity house last evening when the parishioners of St. Patrick's church gathered to say a parting word to Father Jerome Diss and become acquainted with Father Edward Noonan, his successor. From 8 o'clock until after 11 o'clock people of all denominations kept coming and the reception was prolonged far beyond the time supposed to end the average affair of the kind. The ladies of the Altar society were hostesses. The Knights of Columbus turned the house over to them with the privilege of calling it their own for the time being. The result was a surprise of the first magnitude. The lower floor had been left free for the formal talks but upstairs the ladies revealed in the good things of life. Long tables covered with snowy nappery and punctuated with mountains of cakes and delicacies extended in four rows the length of the hall which was brightly illuminated with the monogram of the order worked out in tungsten globes. Flowers interspersed the rows of appetizing cakes which the ladies had spent the past week in baking and fragrant coffee, steaming hot, and ice cream of Arctic fridgidity, leavened the menu so that all comers found what they wanted in a choice assortment.

Denis Nolan, grand knight, presided and, in a few words, introduced the object of the meeting. He then called up Joe Murphy who welcomed the new pastor to the parish. The speaker was in happy vein and extended the hand of friendship and cordiality in choice language. Misses Ethel and Irene Farrel rendered a duet and Father Edward Noonan took the platform to acknowledge the welcome. He referred to the fact that he came from Austin and was proud to know

Tonopah had become the home of many people from that section. He said he was not pleased with the first appearance of the desert but was confident that the warmth of the welcome would overcome the arid environment.

A duet was rendered by Messrs. McGinn and Roach and then Thos. J. Lynch was called to the platform to express the sentiments of the congregation toward the departing pastor. Mr. Lynch was at his best, and, as the silvertongued orator in a carefully arranged review of the past three years, pronounced Father Diss one of the best sportsmen he ever met for he knew how to take his burdens without complaint and smoothened the path for his successor. The improved financial condition of the parish which was \$1,300 better off than when Father Diss arrived in camp was described and, in conclusion, the speaker summed up the affection of the parishioners as "epitomized and concentrated" in the small token which he took pleasure in handing the departing priest. Suiting the action to his words Mr. Lynch handed Father Diss a handsome wallet that bulged with its golden contents.

Father Diss responded with a happy reference to the portrait which the previous speaker had drawn of him and humorously added that it did not bear any resemblance to the last photograph which he had taken in 1901 and therefore excused Mr. Lynch for having made a mistake in his description.

Then ensued a perfect love feast in which everybody joined before the summons came to adjourn to the dining room.

The young girls of the parish also presented the pastor with a hand some set of thermos bottles last Friday afternoon.

## CREWS TO BLAME FOR WRECK CAUSING LOSS OF FOUR LIVES

Engineer F. A. Guise, Conductor R. J. Ewing and Engineer L. Rasmussen are held jointly responsible for the wreck on the Southern Pacific at Hafed Tuesday night in the official report of the board of inquiry which was made public by T. F. Rowlands, superintendent of the Salt Lake division of the road and chairman of the board of inquiry.

Following is the official report in part:  
Butting collision between extra 2516 east and train No. 311 just east of Hafed; extra 2516 east in charge of Conductor C. A. Swartz, Engineer F. A. Guise, Rear Brakeman A. F. Martin, Swing Brakeman L. L. Mullen, Head Brakeman M. H. Ford, Fireman E. F. Griffin, was called to leave Sparks at 3:45 p. m.; departed at 3:57 p. m. with fifty-four loads and one empty, 4396M, with right of track over No. 311 Sparks to Fernley, wait at Sparks until 3:55 p. m. Vista until 4:05 p. m. Hafed until 4:15 p. m. Ditho until 4:25 p. m. and upon approaching Hafed at a speed of about thirty miles an hour, Engineer F. A. Guise found distant signal on double arm mast at the west end yard in caution position, which indicated to him that the home signal at the east end of yard was

in stop position. He claims that he made two service applications of air, and that upon reaching a point fifteen car lengths or 675 feet west of the home signal where he saw that signal at stop, he immediately made an emergency application but the speed of the train had not been sufficiently reduced by the two service applications and as a result ran by the home signal 112 feet, colliding with No. 311.

It is the opinion that Engineer F. A. Guise of extra 2516 is observable in that he failed to observe rule 302 and bring his train under control immediately when he found distant signal at caution and stop before passing the home signal at east end of Hafed. Conductor R. J. Ewing and Engineer L. Rasmussen of No. 311, responsible for failure to observe rules 89 and 99. When they found they could not clear the time of extra 2516 east at Hafed, they should have protected as per rule 99.

Rule 89 is the five minutes clearing rule, which means that when the engineer and conductor saw that they could not clear the time of the east bound train they should have stopped and protected their train by sending out flagmen as provided in rule 99, which is the flagging rule of the railroad.

## TONOPAH WINS BY A NARROW MARGIN

## DR. MUSANTE SAVES THE DAY AND GRABS THE HONORS FOR THE HOME TEAM

Tonopah snatched victory from the jaws of defeat yesterday when the riflemen of this camp went over to Manhattan and won out against the marksmen of that camp. This is regarded as one of the greatest events in gun history as the Manhattan men are commonly supposed to be invincible and never have had any trouble in walking away with the bacon. The winning may be credited to the shooting of Dr. T. A. Musante who ran up a score of 224 while the next highest man was only 215 and the match was won by the scant margin of 3 points. The total stand at the end of the day: Tonopah, 640; Manhattan, 637.

The individual scores at the several ranges were as follows:

Rapid—Slow

## AMUSEMENTS

## BUTLER THEATER

Harry T. Morey, the virile star is most attractively cast in "The Courage of Silence," in which he plays opposite Alice Joyce. In this Blue Ribbon feature which is the headliner at the Butler today, Mr. Morey enacts a role of a devoted husband and father. He becomes infatuated with another man's wife played by Alice Joyce and when she refuses to run away with him, learning of his family, he journeys to South America. His son's serious illness causes him to return. He meets the woman whom he loves and has become a nursing sister. She has been the means of saving his boy's life and he resolves to atone for the sorrow he has caused his sweet young wife. Pathe Weekly. Interesting, educating and amusing. Look—Two of the best and two of the youngest tomorrow—Marguerite Clark in "The Fortunes of Fifi" and Bobby Connelly in a one-reel feature. One of the many reasons which makes Marguerite Clark so irresistibly charming on the screen is the fact that she seems to have no limit of versatility. The more roles she plays the more she seems to increase her mastery of the art of screen acting. Always charming, she possesses the rare gift of approaching her role in some new characterization with a fresh viewpoint and of enacting her role in some new and unexpected manner.

## T. A. R. INVITES ALL THIS EVENING

## LADIES URGE A FULL ATTENDANCE OF MEN ON THIS OCCASION

The T. A. R. keep open house this evening at the barracks on Main street and cordially invites every one to come, enjoy some music, and see what the organization has done, is doing and plans to do in the near future.

The pretty little ambulance savings banks that have been made by the willing hands of skilled mechanics and painted by the boys and girls, will be on exhibition. Also examples of the various kinds of surgical dressings made by Miss McGregor's class will be shown. These are being made for the national surgical dressings committee, which is co-operating with the Red Cross, the National League for Women's Service and the Women's National Defense league. A special invitation is extended to men and a special effort will be made to make them feel at home, as the organization feels particularly grateful to them for the help and encouragement that has been so freely and generously given.

The attractive T. A. R. buttons have come and are being distributed. Come to the barracks tonight and get yours.

## Wonderful Soda-- That's what they all say

—and why wouldn't they say it? It certainly is the most wonderful soda we have ever seen, and probably the very best soda that can be produced today. That is the reason. First, purity of ingredients, then careful manipulation, then a sanitary fountain and the cleanest and nearest service. That's what makes it good. That should appeal to you, and induce you to meet and treat at our fountain, now and for the balance of the summer. Any flavor you want, all the old-timers, and the newest ones.
